- 3 nexfibre at-a-glance
- 4 Network rollout plan

## Foreword from Rajiv Datta, CEO

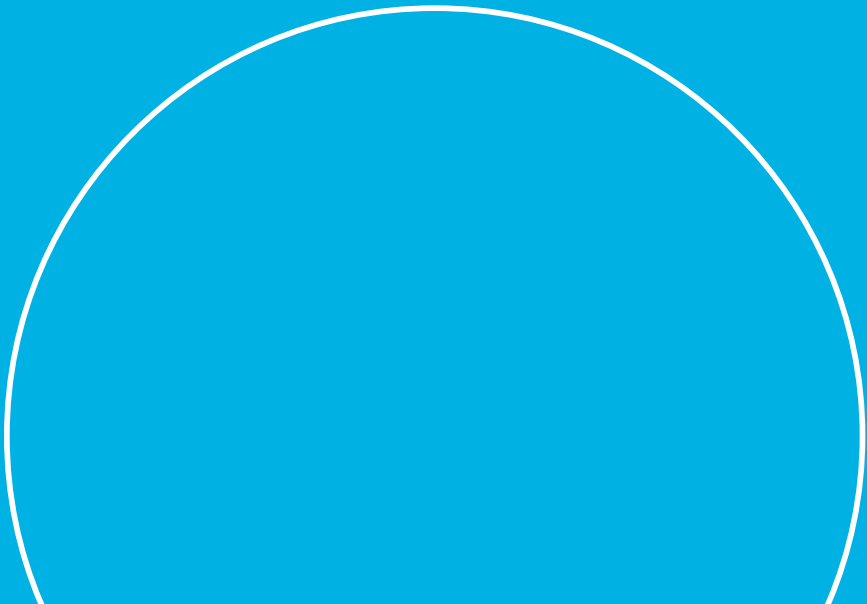

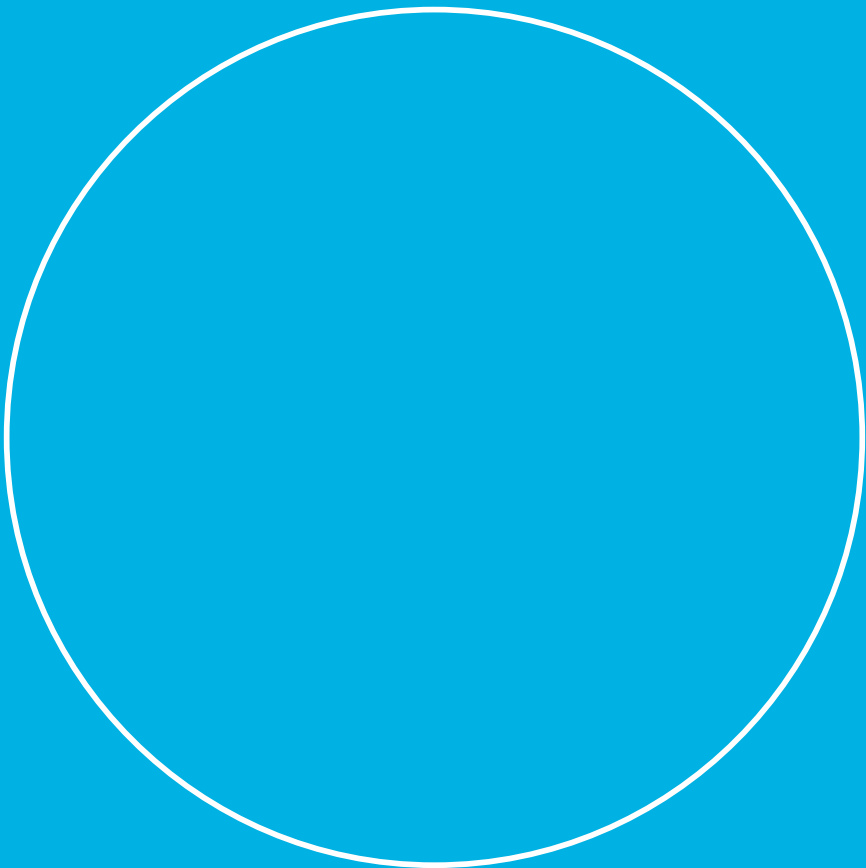

As we pass the halfway marker of the year, I'm pleased to report on our continued progress as our network has now passed 1,277,800 premises (ready for service RFS).

This update also includes planned build locations for 2025 and into 2026, underpinning our commitment to bringing full fibre broadband to previously underserved areas across the UK.

With our focused strategy and £4.5 billion in funding from world-class investors InfraVia Capital Partners, Liberty Global, and Telefónica, we are on-target to reach 5 million premises by 2026, allowing us to make a big impact at pace. Furthermore, our partnership with Virgin Media O2, one of the UK's largest networks and retail providers, offers significant scale and expertise in network build.

It is thanks to the hard work of our team, our partners and our investors that we have been able to accelerate activity and achieve this reach in such a short period of time.

We remain committed to empowering more people and businesses to participate in the digital revolution and contribute to a more prosperous and connected country.

nexfibre is a next generation fibre network operator, formed in December 2022. We are on a mission to deliver our network to more than 5 million premises by 2026, using the latest XGS-PON architecture, capable of symmetrical speeds of up to 10 Gbps.

**1,277,800**  
premises passed (RFS)  
as at 30th June 2024

Total build plan  
**5 million**  
by end of 2026

**100%**  
full fibre

**£4.5bn**  
investment

Up to  
**10gbps**  
symmetrical speed  
capable

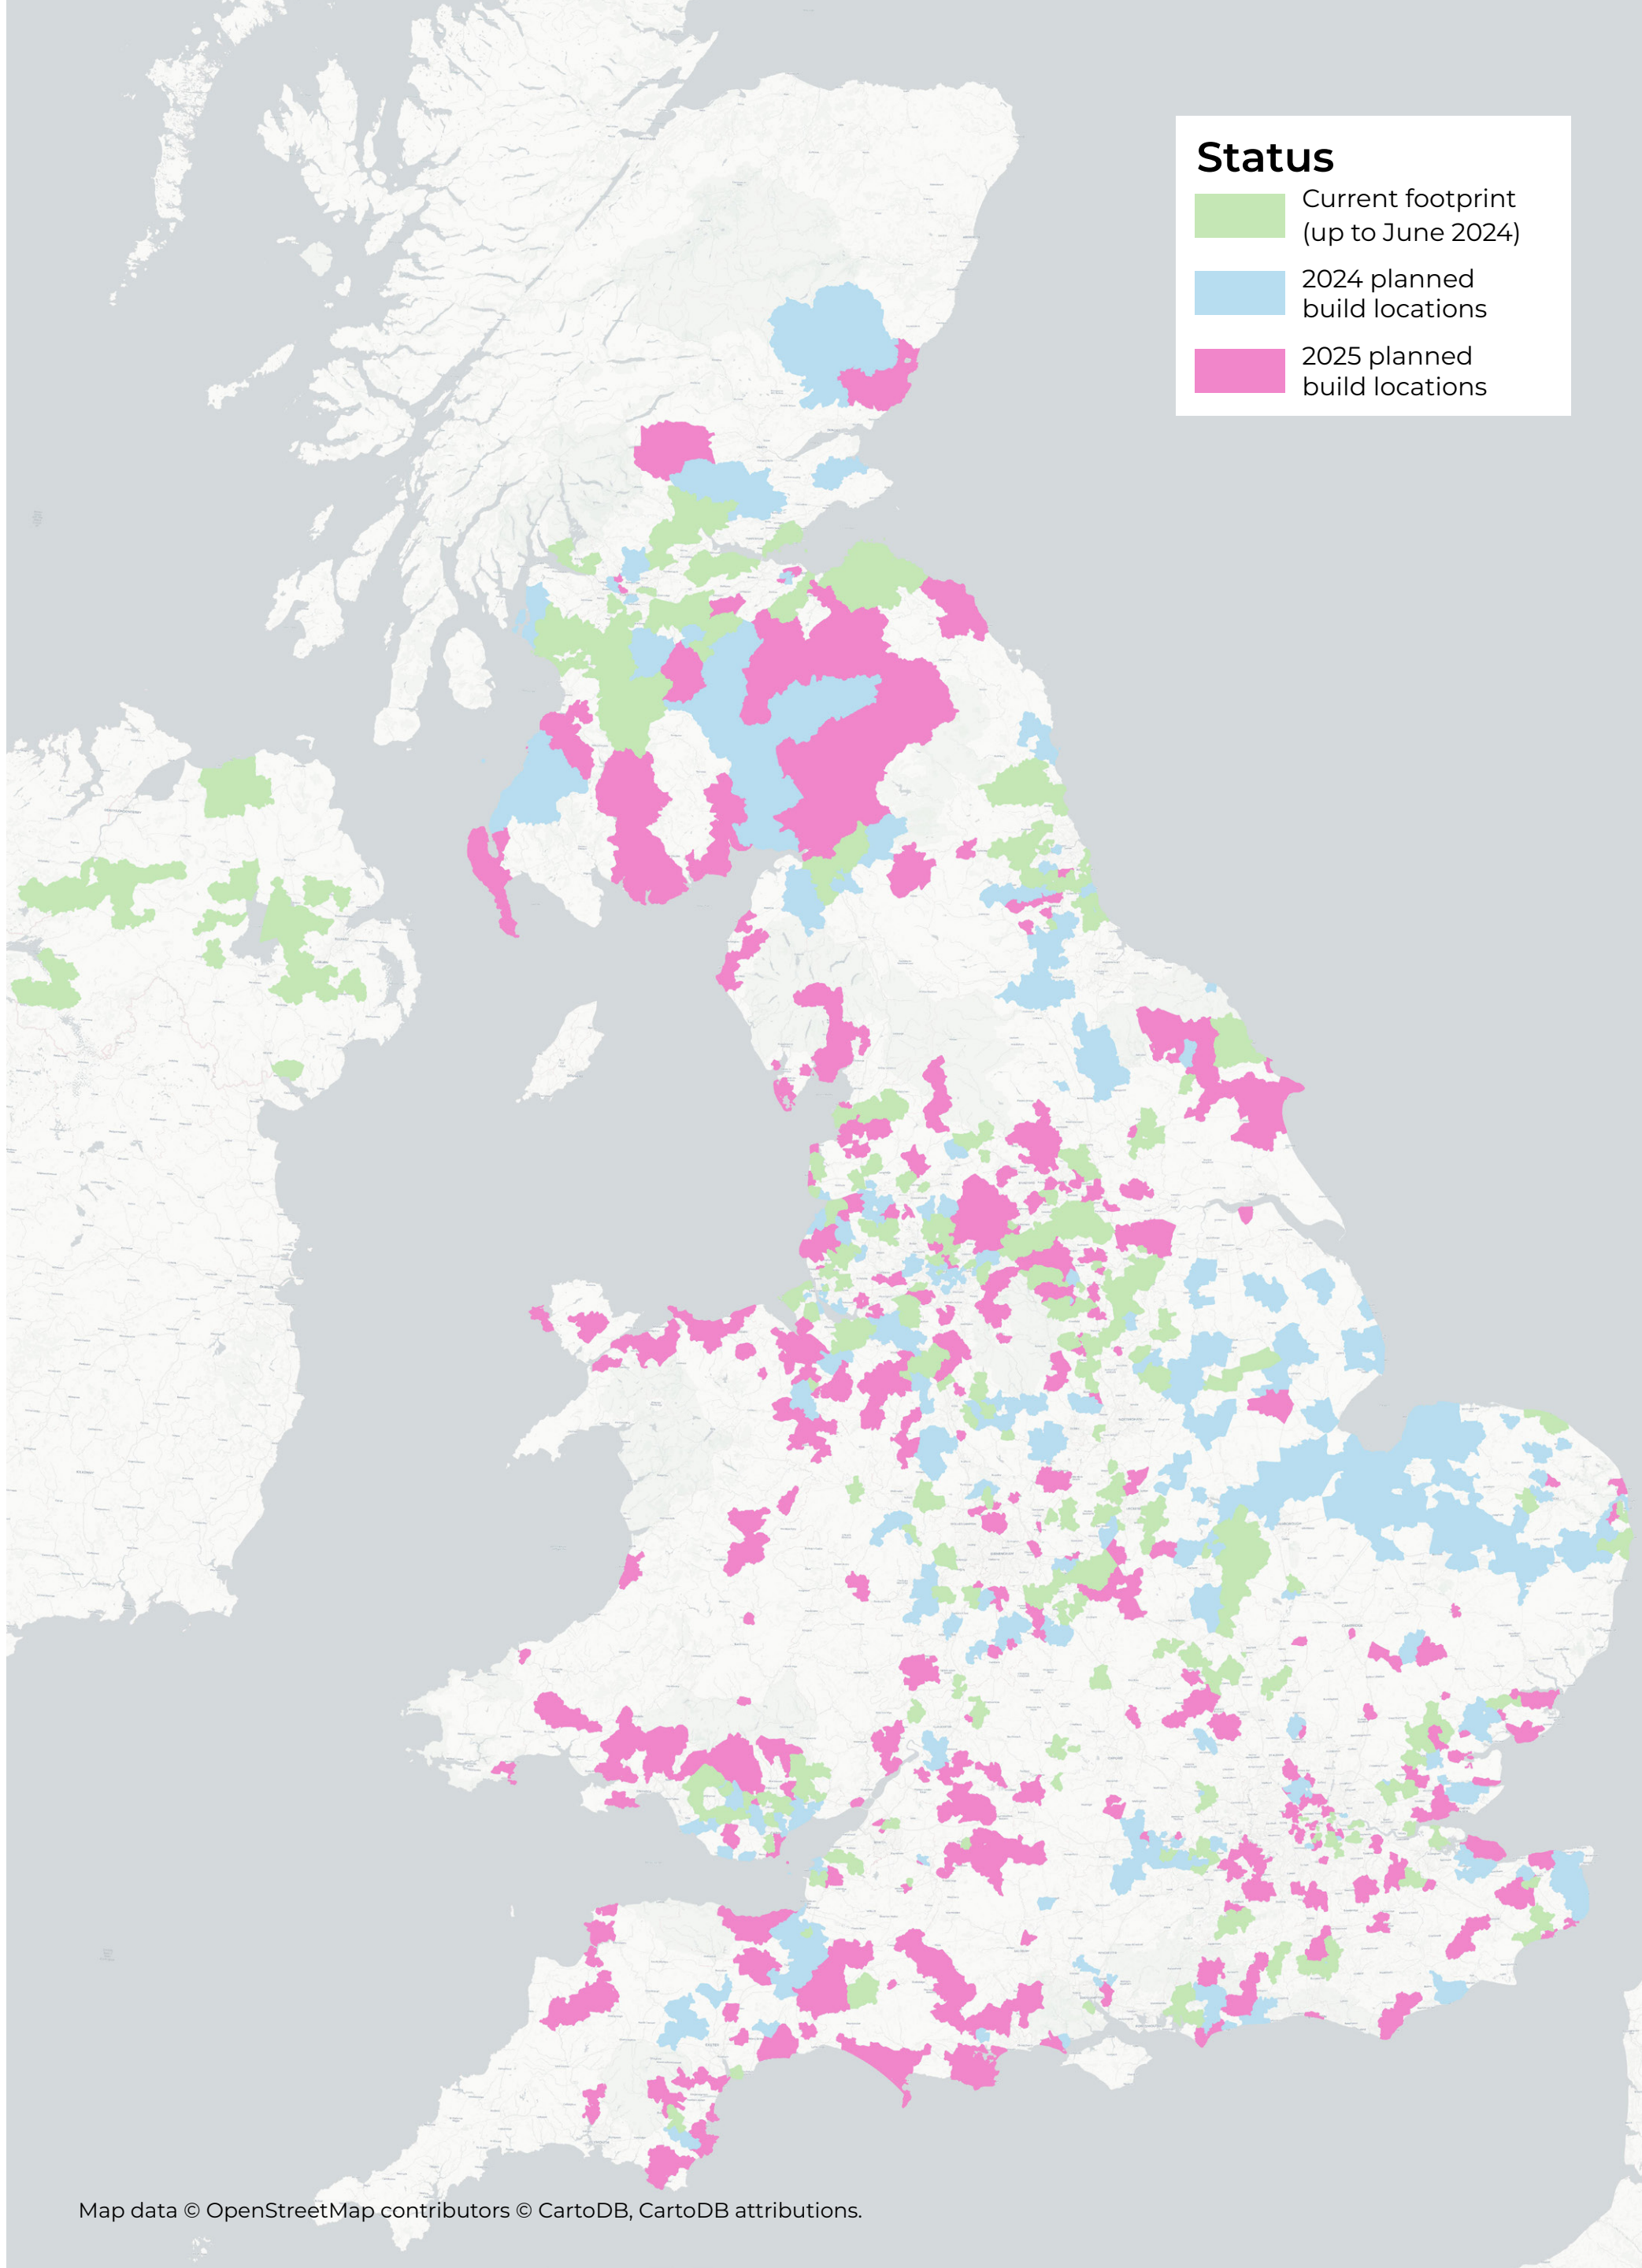

# Network rollout plan

nexfibre is bringing full fibre to more than 5 million premises across the UK by the end of 2026.

This map shows our current footprint, and locations where we are planning to build.

The following pages provide a breakdown, by build location, of existing footprint, current activity and planned build for the remainder of 2024, 2025 and into 2026.

As at 30th June 2024.
