# Network coverage update

As at 30 September 2025

---

## Foreword

nexfibre continues to make strides in expanding full-fibre broadband to communities across the UK that have historically been underserved. With our network now reaching over 2.4 million premises, we're proud to be one of the largest alternative fibre providers in the country.

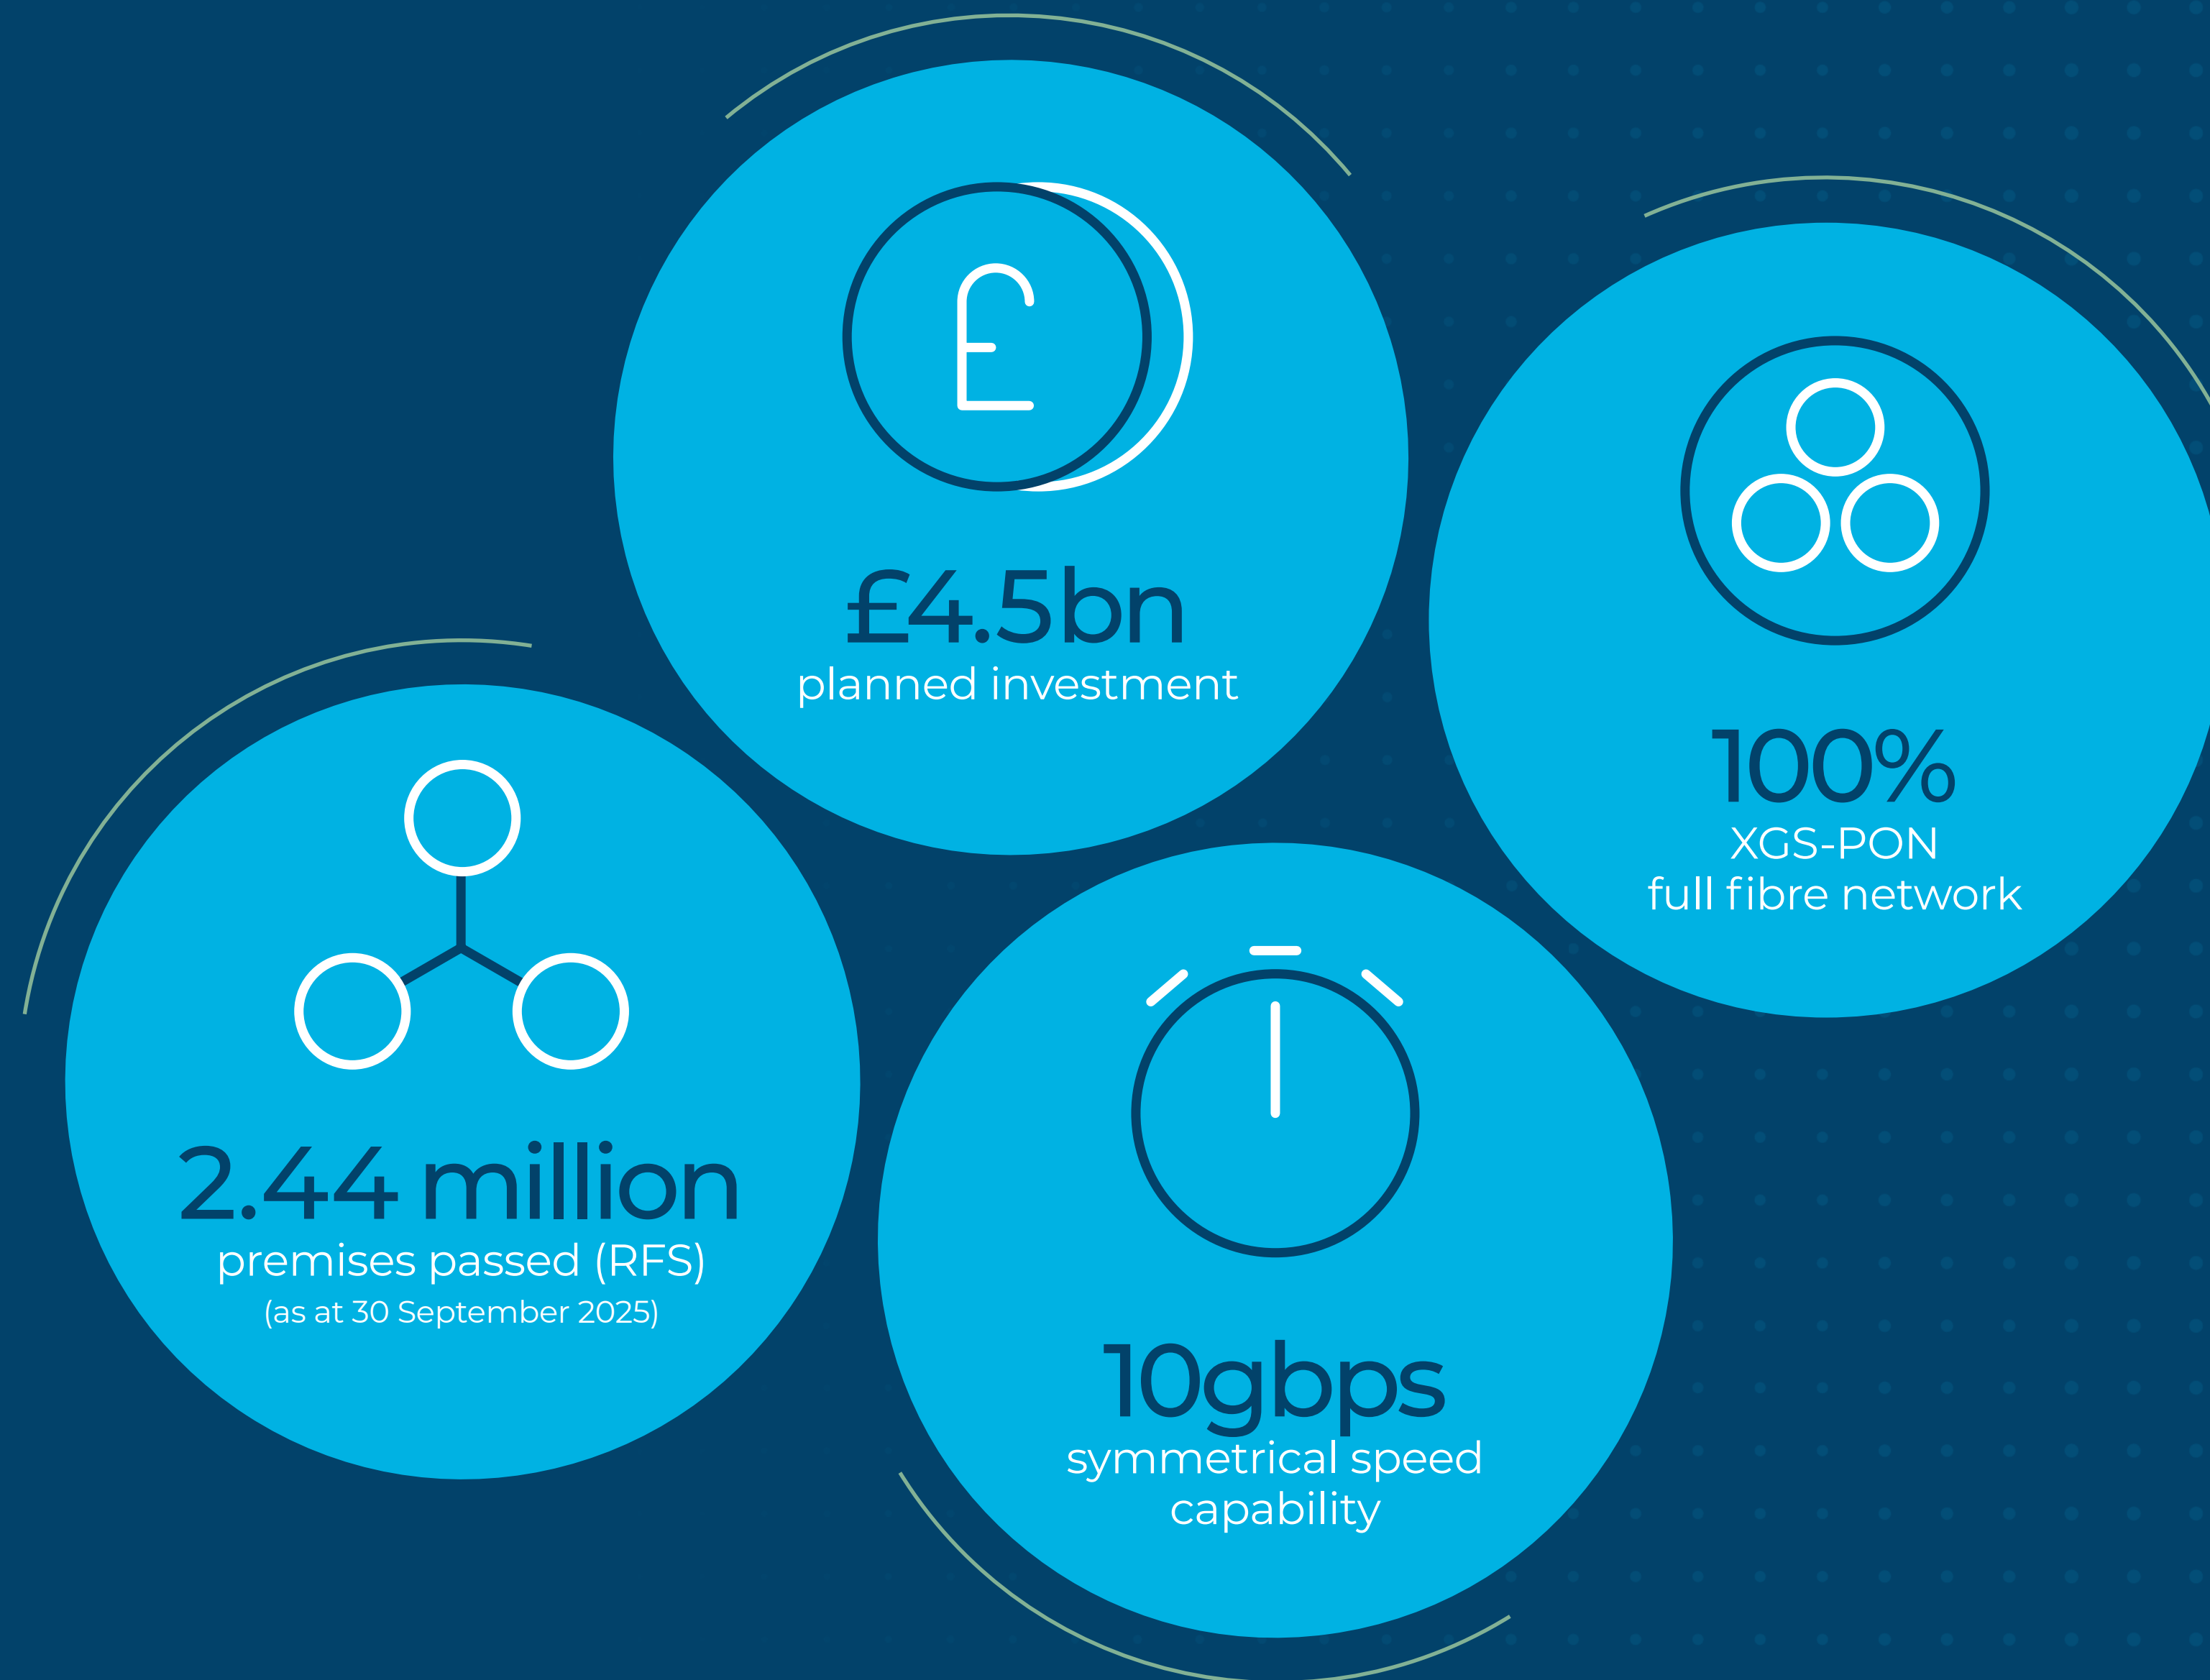

Our optimised rollout strategy is progressing as planned, powered by the dedication and agility of our exceptional team and trusted partners. Together, we're building a technologically-advanced, XGS-PON-only network designed to meet the needs of future generations.

With the backing of committed investors and robust financial support, we remain focused on developing a wholesale fibre platform that will be instrumental in driving market consolidation and unlocking the full potential of the UK's digital infrastructure.

Rajiv Datta, CEO

nexfibre is a next generation fibre network operator. We are committed to establishing a wholesale full fibre platform that drives enduring competition, expands access, and unlocks the innovation and connectivity the UK deserves.

## At-a-glance
